CT ELDS logo design by Andrea Wadowski, Connecticut State Department of Education.
Document design and layout by EASTCONN Communications, Hampton, Connecticut.

I am pleased to introduce Connecticut's Early Learning and Development Standards (ELDS) which serve as the foundation for supporting ALL young children in Connecticut, no matter where they live, play and learn. ELDS are statements of what children from birth to age five should know and be able to do across the earliest years of development.

The learning progressions within the Early Learning and Development Standards promote:

- Equity for ***all*** children, through the setting of high, but appropriate, expectations;
- High-quality early learning experiences, by providing clear goals and trajectories of learning;
- Provision of individual support, based on each child's growth and development;
- Families' understanding of what their children are learning ad how they can support them;
- Teachers' understanding of age-appropriate content and approaches to children's learning; and
- Communication across sectors, based upon these common goals for children supporting together

The ELDS were developed through the work of the Connecticut Early Childhood Education Cabinet and its Learning Standards Workgroup. In addition, over 100 state and national experts participated in some way during the-development process, helping to ensure a strong and comprehensive set of ELDS.

Connecticut's vision is that all young children will have high quality learning experiences, across all types of settings, and that children's growth and development will be supported across every year of their lives. Connecticut's ELDS serve as a foundation for achieving this vision as they provide the basis for planning learning environments, supporting individual children and communicating around common goals.

Connecticut's Early Learning and Development (ELD) Standards Development Process

Early learning and development standards are statements of what children from birth to age five should know and be able to do at various ages across their earliest years of development. These learning progressions serve as guides for the adults who support children's growth and development over time, providing a basis for planning experiences and providing support through the early childhood years. Connecticut's newly drafted Early Learning and Development Standards will serve as the foundation for supporting ALL young children, no matter where they live, play and learn.

The Governor's Early Childhood Education Cabinet, along with the Connecticut State Department of Education and the newly formed Office of Early Childhood, has devoted significant fiscal and human resources to creating rigorous and developmentally appropriate Early Learning and Development Standards. This process has taken place over the course of 2 ½ years, with development completed in October 2013.

Background Work

As a part of Connecticut's 2009 application for American Recovery and Reinvestment Act funds for Head Start State Advisory Councils, Early Learning Standards were identified as a priority area. The goal for this priority area was: By September 2013, Connecticut will adopt comprehensive and multi-domain early learning standards that reflect a progression of skills, birth through age five, aligned with kindergarten through grade 12 standards. A workgroup to address this goal was selected with the intention of ensuring wide, cross-sector input. The first meeting of the Learning Standards Workgroup was convened on June 22, 2011, and included representatives from the Connecticut Early Childhood Education Cabinet, the Connecticut Department of Education, Head Start, higher education, early intervention, the Regional Education

Service Centers, home care provider networks, public schools and the local chapter of the National Association for the Education of Young Children. A full list of workgroup members and their affiliations can be found in Appendix A.

The Learning Standards Workgroup relied heavily upon two guiding documents to inform the process of standards development:

- The Joint Position Statement of the National Association for the Education of Young Children (NAEYC) and the National Association of Early Childhood Specialists in State Departments of Education (NAECS/SDE): Early Learning Standards: Creating the Conditions for Success (NAEYC, 2012)
- Early Learning Guidelines Resource: Recommendations and Issues for Consideration When Writing or Revising Early Learning Guidelines (Scott-Little, Kagan, & Frelow, 2010)

In order to provide a strong background for members, the workgroup reviewed both current Connecticut documents and other state and national sets of early learning standards. After members had an opportunity to explore specific characteristics of these valuable documents, the group began addressing the various issues set forth by Scott-Little, Kagan & Frelow (2010) including: guiding principles, age ranges and groupings, domains and subject areas, and the structure of the standards.

In the fall of 2011, shortly after the workgroup began this process, the United States Department of Education released its Race to the Top Early Learning Challenge application. Connecticut opted to address early learning and development standards as a key strategy under Focused Investment Area C of the Early Learning Challenge. The efforts of the Standards Workgroup were coordinated with the Connecticut Leadership Team for the Race to the Top

application and a detailed plan was developed for the learning standards work. Although funding was not granted to Connecticut, the plan outlined in the application has served as a guide for the continued work of the Standards Workgroup.

The specific steps in the development process are outlined below. These efforts have involved many local and national experts, in addition to the contribution of the Standards Workgroup members. A full listing of those who have contributed to the various stages of this work is included in Appendix B.

Alignment and Gap Analysis

The first critical step in creating new ELD standards was a detailed and thorough alignment and gap analysis of Connecticut's current learning standards. The workgroup chose to draw upon existing documents as much as possible, both in an effort to ease the transition to new ELD standards and to effectively capitalize on previous investments and resources used in creating standards documents. Determining the existing alignments of standards and identifying gaps involves intensive consideration of documents, which often have very different structure and language. Below is a list of the various alignment projects conducted in support of the development

of new ELD standards. The information gathered through this work was integral to the development of draft ELD standards.

- Comparison of Common Core State Standards and Connecticut's preschool standards (the Connecticut Preschool Curriculum Framework): This process involved CSDE consultants as well as outside local experts in the area of Mathematics and English Language Arts. The alignment between documents was examined and a crosswalk document, including guidance for practice, was issued.
- Comparison of Connecticut's preschool standards (the Connecticut Preschool Curriculum Framework) and the Head Start Child Development and Early Learning Framework: The CSDE and the Connecticut Head Start Association engaged in an intensive and collaborative process to determine the alignments and gaps between these two documents. This process involved rating the degree of matches found, a cross check for agreement on the matches and the reconciliation of any discrepancies. The completion of this work resulted in the report: Crosswalk between the Head Start Child Development and Early Learning Framework

and the Connecticut Preschool Curriculum and Assessment Frameworks (Connecticut Head Start Association, 2012).

- SRI International's Standards Alignment Study. This study included the following documents: Connecticut's Preschool Curriculum Framework, Connecticut's Kindergarten Science Curriculum Standards, Connecticut's Kindergarten Social Studies Framework and the Connecticut Guidelines for the Development of Infant and Toddler Early Learning. A full report dated May 30, 2012, detailed the process and outcomes of this study (Hebbeler and Taylor, 2012).

Drafting New Standards

On June 25 and 26, 2013, groups of experts in each of the identified domains were gathered to create a first draft based upon the structure outlined by the Learning Standards Workgroup. Each group utilized the information from the alignment and gap analysis studies, additional resources and research (including other state standards documents, K-12 standards and research) and crafted an initial draft of new birth-to-five standards across seven age bands.

This initial draft was reviewed by multiple experts throughout the state for further refinement in July and August of 2012. These reviewers considered the initial draft ELD standards from one of several perspectives:

- Domain-specific feedback, including:
 - Breadth, depth and relative difficulty of skills addressed
 - The age appropriateness of the indicators
 - The placement of the indicators within the domain
 - The wording of the indicators
- The cultural relevancy of the indicators for

diverse populations

- The appropriateness of the indicators for children who are dual-language learners
- The appropriateness of the indicators for children with special needs

Finally, EASTCONN, the acting fiduciary of the Connecticut Early Childhood Education Cabinet, worked with CSDE to synthesize the input and make revisions based upon the expert input. This resulted in the draft ELD standards.

Content Validation

The Standards Workgroup decided to adhere to the recommended practices for standards development set forth by Scott-Little, Kagan & Frelow (2010). Requests for Proposal were issued for both a Content Validation Study and an Age Validation Study. The review of the proposals submitted resulted in the recognition that additional funding would be necessary to support a methodologically sound research age validation study. However, as a result of the RFP process, the Connecticut Early Childhood Education Cabinet entered into a contract with the National Association for the Education of Young Children to conduct a Content Validation Study. This study involved gathering feedback from national experts as to whether the skills, knowledge and dispositions in Connecticut's new Early Learning and Development Standards reflect critical, comprehensive goals and a continuum of growth and development. This study was completed in September 2013 and revisions to the draft standards were made as a result of this report (Snow, 2013).

The Content Validation Study contributed greatly to the robust and thorough process Connecticut engaged in to create new Early Learning and Development Standards, thereby ensuring that our efforts to support *All Children, In All Settings, Every year*, are based on the strongest of foundations: sound Early Learning and Development Standards.

Guiding Principles

All children benefit from rich learning environments in homes, communities and early care and education settings. Connecticut's Early Learning and Development Standards provide the basis for supporting children's growth and development across settings. The following principles guided the work on the early learning and development standards.

The guiding principles are grouped into four broad categories: Young Children, Families, Early Learning Environments and Communities. The first category, Young Children, addresses what is known about young children's learning and development. The other categories address the roles and responsibilities of families, early childhood environments and communities in supporting children's health, learning and development.

These principles must be considered when this document is used to support children in any early learning environment. Although this document articulates learning standards for children from birth to age 5, these same principles apply throughout the early elementary years.

Young Children:

- **Are capable and competent.** All children are capable of achieving positive early learning and developmental outcomes. There should be high expectations for all young children, regardless of their background, experience, language or developmental status.
- **Learn best when their basic needs are met.** Basic needs of young children include health (physical, mental and oral), safe and nurturing environments, positive social relationships, a sense of belonging and sound nutrition. If these basic needs are not met, a child's growth and development will be affected.
- **Are unique in their growth and development.** Each child will demonstrate knowledge, skills and abilities within a broad

range at any point in time. All children within an age range should not be expected to arrive at each benchmark at the same time. Variation in the growth and development of skills and competencies applies to all young children regardless of age, ability, developmental status or special health care needs. Respect and support for individual differences in achieving learning outcomes should be a cornerstone of early learning.

- **Develop and learn within the context of their family and culture.** Each child's family and culture lays the foundation of who they are and how they learn and grow.

Families:

- **Are the primary caregivers and educators of young children.** Families lay the foundation for their children's success, through their relationship with their children and by providing experiences that are critical for their children's growth and development.
- **Are critical partners in all early learning environments.** It is important for families to be actively engaged with their child's early care and education. Ongoing communication and an active partnership are necessary to ensure positive outcomes; therefore, families must be supported as partners in all early learning environments.

Early Learning Environments:

- **Support young children's learning in the context of relationships.** Positive interactions and sustained relationships with family members, caregivers, teachers and other children provide the foundation for learning. Every child, including those with social, emotional or behavioral challenges, should be provided the supports and services necessary to promote ongoing positive relationships with peers and adults.
- **Reinforce the importance of the cultural context of young children, families and communities.** Cultural context influences behavioral expectations, personal preferences, relationships and sense of self. It is imperative that each child's culture be respected and honored.
- **Provide opportunities for active exploration.** Young children construct their own understanding of the world around them through exploration and engagement with a variety of materials, experiences and interactions with both peers and adults. Every child should have an opportunity to actively explore, engage and interact by providing the supports necessary to ensure a child's full and active participation within an environment.
- **Provide meaningful inclusion of children with special needs.** Participation in these inclusive settings may require individualized modifications, adaptations and/or support services designed to provide each child with opportunities to benefit from inclusion in an early learning environment.

- **Provide experiences that are relevant and integrated across domains of development.** Developmental domains and content areas are highly interrelated. Children learn best when experiences incorporate multiple domains. Children with special health care needs, delays or disabilities should be provided the individualized supports needed to promote positive developmental outcomes in all areas.
- **Intentionally promote the development of skills and knowledge.** Planning and decision-making should be based upon research and best practices related to how young children grow and develop.
- **Provide opportunities for children to benefit from diversity.** Diversity (e.g. culture, ability, socioeconomic status, family constellation) provides opportunities for children to learn about the broader world.
- **Support children's language development in their primary language.** Children's success in their primary language supports their growth and development across all domains, including acquisition of a second language. Early learning environments may provide opportunities for children to use their primary language and should support families in speaking and reading to their children in the language(s) they prefer.

Communities:

- **Believe that all children deserve high-quality early learning experiences.** They value families and invest in systems that support young children, families and early learning environments.
- **Offer a variety of resources that support early growth and development.** Thriving communities provide supports for children and families, including medical, social and educational opportunities for children, families and caregivers.
- **Strategically plan to meet the needs of children and families.** They plan together using information relevant to the unique circumstances in their community. This includes facilitating smooth transitions within and between programs and settings.

Organization of the Document

Connecticut's Early Learning and Development Standards are statements of what children should know and be able to do from birth to age 5. These guidelines are intended to inform families, teachers, caregivers and other professionals about common developmental and learning progressions, so that they can work together to better support children's early learning and growth. These standards are intended to serve as a guide for considering the steps in children's development and to plan ways to support children in continued growth.

Taking Action to Support Early Learning and Development: What Can I Do?

For each area of development (domain) there is a general information page that includes a brief description of the domain and strategies to support infants and toddlers as well as preschoolers.

The Standards

The Connecticut ELDS are organized by domain. There are eight domains in the document: Social and Emotional Development, Physical Health and Development, Language and Literacy, Creative Arts, Mathematics, Science, Cognition, and Social Studies.

Domain: A general area of growth and development

Strand: Sub-categories within each domain

Learning Progressions: A series of skills and abilities that build upon each other as children grow and learn

Indicators: Examples of what children should know or be able to do at the end of each of the age ranges along the learning progression

Numbering: The indicators are numbered, using

an abbreviation for the domain name, the number corresponding to the age in months at the end of the age range and the number of the indicators in sequence for that age range. For example, L.24.3 refers to 3rd indicator for the 18-24-month range in the Language and Literacy Domain.

Age Ranges

The ELDS are grouped into age ranges, with the examples representing skills, dispositions, or knowledge typical for the end of the age range for each domain. However, children develop at varying rates and may not demonstrate every example included in the ELDS or may demonstrate it with some variation in timing. While a pattern of skills that is not consistent with a child's age may raise some questions, the ELDS is not a screening or assessment tool. Concerns about a child's development may suggest a referral for further assessment or possible support services; however, this document is not designed as a tool for identifying children for referrals, services, or to make decisions about appropriate programs or placements. Instead, this tool is designed to support caregivers and professionals as they consider precursors and next steps, and to determine the environmental supports, activities, and adult strategies that will help children to grow and learn.

The diagram illustrates the structure of the Early Learning Development Standards (ELDS) across five domains: Creative Arts, Physical Health and Well-being, Social and Emotional Development, Language, and Literacy. Each domain is divided into learning progressions for different age ranges: 0-6 months, 6-12 months, 12-18 Months, and 18-24 Months. Within each progression, specific indicators describe observable behaviors. A 'Strand' label points to the 'Strand: Early learning experiences will support children to engage in and enjoy the arts.' section, which includes a detailed indicator for Music.

Learning Progression					Domain Name
Age Range	0-6 months	6-12 months	12-18 Months	18-24 Months	
Creative Arts					
Learning Progression	Indicators <i>This is evident, for example, when children:</i>	Indicators <i>This is evident, for example, when children:</i>	Indicators <i>This is evident, for example, when children:</i>	Indicators <i>This is evident, for example, when children:</i>	Strand
	Strand: Early learning experiences will support children to engage in and enjoy the arts.				
	Music	CA.6.1 React to music by turning to a sound source, cooing in response, wiggling or moving, soothing one's self, etc.	CA.12.1 Show interest in singing, moving, and dancing, using their body	CA.18.1 Use instruments to explore rhythm and melody	CA.24.1 React to changes in music by joining in with more extended segments of familiar music, using voice, physical gestures and/or instruments

The domains and strands within the ELDS reflect common areas of research and evidence-based practices

Although you may see other documents or resources that break down what children should know and be able to do into categories different from the ELDS, the structure and content of these standards are consistent with what is known about child development.

Children do not learn skills in these domains, strands or learning progressions in isolation, but it is generally useful to think about growth across these areas to make sure that support is provided for the wide variety of skills children are learning. When planning early learning experiences, families and early care and education professionals should consider what is meaningful and engaging for young children and how skills from a variety of areas can be integrated into children's play.

Supplemental Dual Language Development Framework

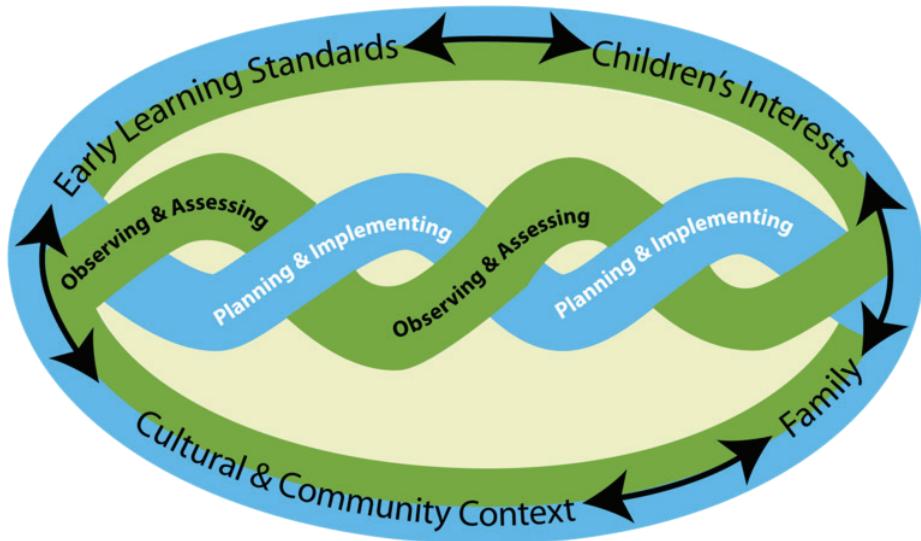

In addition to the information for each domain, this document includes a Supplemental Dual Language Development Framework for use in supporting children who are learning multiple languages. This supplement is not applicable to all children, but rather is designed to raise awareness of the typical stages of acquiring a second language.

Intentionally Supporting Growth and Development

The Connecticut ELDS provide the basis for planning learning environments, supporting individual children, and communicating around common goals. They do not exist in isolation and must be used in conjunction with guidance on effective strategies and/or appropriate assessment tools. The "Cycle of Intentional Teaching" is composed of planning experiences to support children's development, gathering information about how they are progressing and adjusting what is being done to support them based upon this information.

All adults who support young children are "teachers", although their planning, observation and assessment

The Cycle of Intentional Teaching

may involve differing levels of detail. Teachers in a classroom environment might develop detailed learning experience plans and use formal assessment tools. A family is also engaging in the “Cycle of Intentional Teaching” when they take their child to the playground to develop gross-motor skills, observe that she cannot yet climb the stairs to the slide, and then help her learn this skill. By being intentional, adults can make sure that they are supporting children in meaningful ways.

Assessment

An assessment tool aligned to the ELDS should be used to determine how children are progressing across these domains of development. Two types of tools, with different purposes, are appropriate for use in conjunction with the ELDS:

Developmental Screenings are tools designed to be brief surveys of children’s abilities and are used to determine if further assessment is necessary. (Note: The Ages and Stages Child Monitoring Program offers a developmental screening process that can be accessed by calling the Child Development Infoline at 1-800-505-7000.)

Formative Assessments are tools designed to determine how children are progressing in the development of certain abilities, so that further support can be planned (e.g. curriculum, instruction, family activities and adult support).

The ELDS are not a screening or assessment tool.

Communication

Communication between all of the adults supporting children is critical. The ELDS provide a common language to communicate about children’s skills and progress and to plan supports. The Domain Information pages include general information about each area of development and evidence-based strategies to support infants and toddlers and preschoolers. The more detailed strands and learning progressions for each domain will support more in-depth discussion and planning.

By using these ELDS as a part of a thoughtful process, families and early care and education professionals can work together to ensure that children are eager and ready to learn and grow.

Fostering Competent Learners: Essential Dispositions

Across all ages and domains, early learning experiences will support children to:

■ Be creative

Support young children's growth and development by encouraging creative thinking and novel approaches to solving problems. Children should have opportunities to create, express themselves in a variety of ways and approach problems from new perspectives. The focus of early learning experiences should be on the process instead of the product, promoting learning, exploring and thinking over achieving a specific result or answer.

■ Be inquisitive

Encourage children to explore, seek new information and ask questions. Children should feel comfortable questioning information, testing

out new ideas and simply playing with materials in new and unusual ways. Those supporting young children's growth and development should create safe environments in which children can explore and experiment.

■ Be flexible

Foster children's ability to adapt to new situations, to be flexible in their responses and to actively engage in new environments. Exposure to new ideas, environments and situations in meaningful ways can promote resilience.

■ Be critical thinkers

Encourage children to use critical thinking skills to help them organize and use the great amount of information available today. Those supporting young children's growth and development should promote an understanding of the concepts behind specific skills (e.g. understanding quantity as well as learning the sequence of counting); provide opportunities to engage in higher-order thinking skills and encourage children to question the accuracy of information they receive.

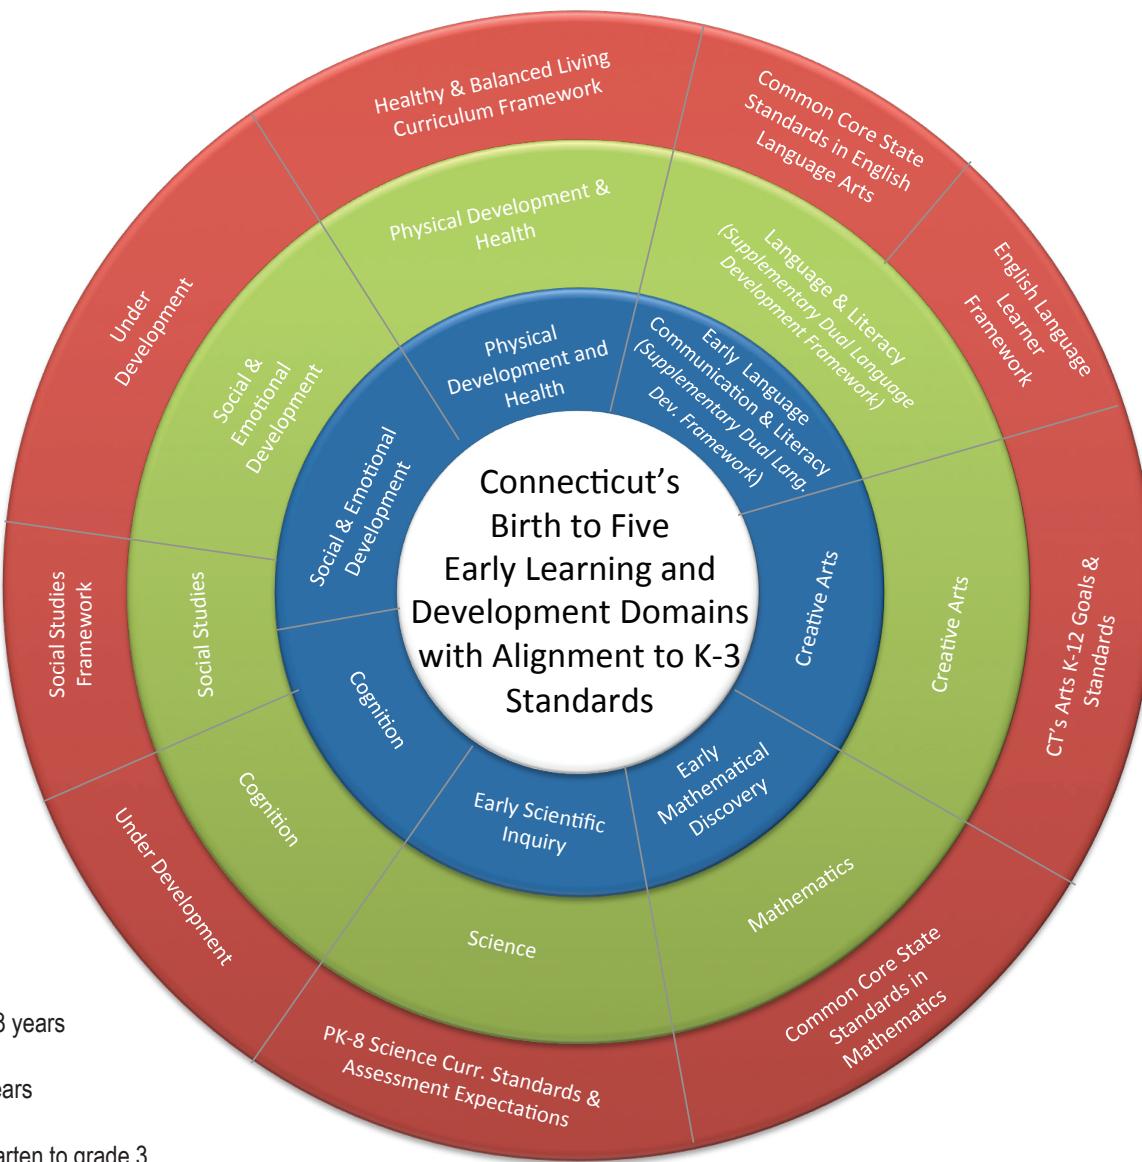

■ Be purposeful and reflective

Promote children's engagement in purposeful action. Very young children should be actively involved in play and will benefit from reminders of the results of their actions. Three- and four-year-olds should play an active role in planning experiences, setting goals and celebrating accomplishments. They should be encouraged to be reflective and to learn from mistakes.

■ Be social learners

Social interactions form the basis for children's learning. Encourage children to interact with adults and peers, ask questions and to jointly solve problems. Those supporting young children's growth and development should provide opportunities to learn through cooperative experiences with adults and children.

Domain Wheel

*The supplemental Dual Language Development Framework applies to children learning multiple languages. Early learning environments must respect family language preference and honor children's development in their primary language and promote continued bi-lingual development.

Taking Action To Support Early Learning and Development: What Can I Do?

Social and Emotional Development

Understanding yourself, your feelings and how to play with other people.

What adults can do...

Encourage

- Caring
- Affection
- Relationships
- Problem solving
- Safety

Infants and toddlers

Spend time holding, talking and playing with your baby. Caring contact builds a strong relationship.

Comfort your baby when he cries. This helps your baby feel secure and learn how to calm down.

Talk about your baby's actions, feelings and body. This will help your baby learn about themselves.

Have family routines. Routines help babies feel safe.

Preschoolers

Let your child do some things on their own. Help them to do new things and solve problems.

Talk to your child about feelings. Help them find ways to calm themselves.

Help your child understand routines. Be sure to say goodbye when you leave your child.

Make time to play with other children. Go to the park, have playdates or join a playgroup.

Connecticut Early Learning
and Development Standards

Physical Health and Development

Learning to take care of yourself and to do things with your body and hands so that you grow strong and healthy

What adults can do...

Encourage

- Healthy eating
- Physical activity
- Helping with self-care

Infants and toddlers

Lay your baby on their tummy while they are awake. “Tummy time” helps build strong muscles.

Talk while you take care of them.

Have them be a part of healthy routines such as washing up, eating and dressing.

Encourage exploring objects with their hands. Give them small, but safe, items to use with their hands.

Make sure they are healthy. Children who get enough rest and healthy food learn better.

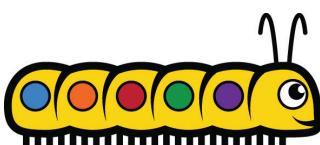

Preschoolers

Find a time and place for your child to run and play. Running, jumping and climbing help build strong muscles and bones.

Have your child take part in self-care. Talk to them about why being clean is important; show them how to use buttons and zippers, etc.

Offer your child healthy food choices. Talk about healthy food and eating a variety of good things.

Make sure they get enough rest. Preschoolers need 11-13 hours of sleep each day to stay healthy and learn.

PROOF

Language and Literacy

Communicating using your body, language, signs, and written communication

What adults can do...

Encourage

- Interacting with people
- Gesturing, making noise and talking
- Enjoying books, songs, and writing
- Expressing ideas, needs, and feelings
- Writing

Infants and toddlers

Share books everyday. Read stories at bedtime or when riding on the bus.

Talk and sing with your baby.

Encourage them to “sing” and “talk” too.

Respond to your baby's noises.

Repeat the noises they make or comment, “You sound happy.”

Help them learn new words by naming and describing what you see. “I see a shiny, silver mirror.”

Read books to your child EVERY DAY!

Preschoolers

Show interest in what your child is saying. Look at them when they talk and comment on what they’re saying.

Ask questions that make them think.

When reading a story ask, “What do you think will happen next?”

Talk to your child about what happens during the day. Talk about what you do together and ask about what happens when you are apart.

Let them practice “writing”. Ask them to draw a picture or make a list, even if they use shapes instead of letters

Read books to your child EVERYDAY!

Creative Arts

Enjoying music, dance, and art and expressing yourself
in these ways.

What adults can do...

Encourage

- Listening to and making music
 - Describing art and music
 - Being creative

Infants and toddlers

Play music for your child. Describe the music and how it makes you feel.

Sing to your child. Move to the music while you're singing.

Show your child pictures. Talk about the picture, what's in it, its colors, the shapes...

Encourage your child to create. Give children art supplies that are appropriate and safe.

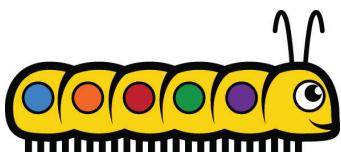

Preschoolers

Display your child's art work. Talk about what they did to make it.

Give your child space to move to music. Play music with different beats and styles.

Encourage your child to be creative. Don't worry about what the project looks like.

Expose them to the arts. Watch dancing, look at paintings, listen to music, read books about art, theater and music.

Mathematics

Understanding numbers and how to use them,
counting, patterns, measuring and shapes.

What adults can do...

Encourage

- Counting
- Measuring
- Comparing

Infants and toddlers

Use words that describe how much.

Talk about wanting more or having one or two of something.

Talk about shapes. Describe everyday things such as food, toys, or household items, saying things like, "Your plate is a circle."

Compare sizes. Use words such as big, little, long and short.

Use math words. Talk about adding one, taking away, dividing something.

Preschoolers

Count things. Count how many steps it takes to get somewhere, how many pieces of fruit you buy at the store, etc.

Cook together. Let your child help measure, and count what goes into the recipe.

Sort and match. Match clothes, sort silverware, play with shape sorters.

Compare size, shape and position. Talk to your child about where things are, measure and compare sizes and talk about the shape of everyday items.

Science

Understanding the world around us, including living things, the earth and space, and energy.

What adults can do...

Encourage

- Exploring
- Experimenting
- Investigating

Infants and toddlers

Be excited about their discoveries.

Point out the things they figure out: "You saw the bird fly down from the nest to get food for its babies! Wasn't that exciting?"

Answer their questions. Encourage them to ask about things they want to know.

Make sure they have many different kinds of experiences. Find opportunities to explore new places, see nature and investigate.

Preschoolers

Give them toys that they can use to explore. Boxes, balls, ramps, bubbles, magnets, containers, magnifying glasses...

Grow things. Plant seeds and talk about what will happen and what seeds need to grow.

Go outside. Look at the sky, trees, plants, animals..., collect things and talk about them.

Ask questions. "What do you think will happen next?" "What do you see?"

Connecticut Early Learning
and Development Standards

Cognition

Making sense of the world, learning about numbers, nature and people and connecting with the world, staying with something and working hard to solve problems.

What adults can do...

Encourage

- Exploring
- Asking Questions and Making Choices
- Pretending and Having Fun
- Remembering
- Trying New and Difficult Things

Infants and toddlers

Pretend with your child. Pretend a banana is a phone or feed a doll.

Give your child choices. Let your child choose a snack or what to wear.

Give your child lots of different experiences. Explore your neighborhood parks, libraries and museums. Play with things that are used in different ways (to make sounds, build, etc.)

Show your baby how things work. “Look at how the car rolls.”

Play games that involve back-and forth. As your child gets older, help them wait for a short time.

Preschoolers

Use everyday routines to notice patterns. Point out familiar routines (first we wash hands, then we eat).

Sort and categorize throughout the day. Picking up and toys and laundry are great sorting activities.

Wonder with your child. “I wonder if it’s going to rain today.” Encourage your child to ask questions.

Point out and use symbols. Encourage your child to recognize and name signs and symbols.

Support your child to finish things they start. Help them plan and stick with things for longer periods of time.

Social Studies

Understanding the world and knowing about the people in it.

This starts with knowing about your family, then the community and world.

What adults can do...

Encourage

- Understanding family
- Hearing stories about the past
- Recognizing how people are the same and different

Infants and toddlers

Help them learn about themselves.

Children need to learn about their own bodies, their family and their feelings so they can learn about others.

Talk about family. Talk about who is a part of your family and about other people's families.

Talk about the places you go. Children will learn about the community when you talk about the store, the library, the park, etc.

Preschoolers

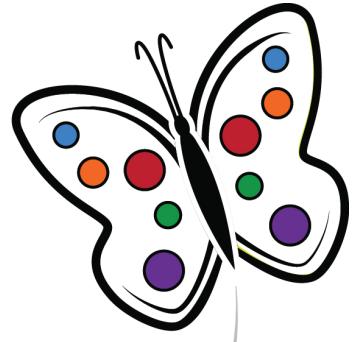

Point out where things are in the community. Draw maps of your home or school.

Talk about how people are the same and different. Help your child to appreciate people who are different from them.

Talk about when you were little. Children love to hear stories and can begin to learn about time and history.

Play "store." Children can learn about buying and selling through play.

Strand: Early learning experiences will support children to develop trusting healthy attachments and relationships with primary caregivers.						
Trusting Relationships	SE.6.1 Attend and respond to familiar adults and is able to be soothed when distressed	SE.12.1 Prefer primary caregiver(s) to others and usually accept guidance from trusted adults	SE.18.1 Look to trusted caregivers for cues about how to respond to their environment for comfort and support	SE.24.1 Use familiar adults as secure base through behaviors such as glancing back at caregiver while playing	SE.36.1 Approach caregivers for support and comfort particularly during stressful or frustrating situations	SE.48.1 Engage in interactions with less familiar adults
Managing Separation	SE.6.2 Show recognition of familiar faces and awareness if someone is a stranger	SE.12.2 Display preference for trusted adults which may include exhibiting fear and protesting at separation	SE.18.2 Display attachment to trusted adults and feelings of security which may include a fear of strangers and new and unfamiliar places	SE.24.2 Manage routine separations from caregivers with little distress and quickly calms after a separation so that he/she can move through activities	SE.36.2 Manage most separations without distress and adjust to new setting with support from a trusted adult	SE.48.2 Manage most separations without distress and adjust to new settings in the presence of trusted adult
Strand: Early learning experiences will support children to develop self-regulation.						
Regulation of Emotions and Behavior	SE.6.3 In addition to being comforted by familiar adult, can also get comfort from sucking thumb, fist, or pacifier	SE.12.3 Have ways to comfort self, which may involve items such as a stuffed animal or a special blanket that help them feel safe and secure	SE.18.3 Show increasing regulation through daily routines, activities and familiar adults	SE.24.3 With adult assistance, find comfort in rituals and routines, use special comfort object to self-soothe (especially at nap time)	SE.36.3 With adult support, use self-soothing techniques to calm	SE.48.3 Use strategies to self-soothe with limited adult support
						SE.60.3 Use strategies to self-soothe across situations with minimal prompting and shares strategies with peers or family
						SE.60.4 Demonstrate increased ability to consider to the social standards of the environment when responding to their emotional state

Strand: Early learning experiences will support children to develop self-regulation (continued)

	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Regulation of Impulses and Behavior	SE.6.4 Respond to having needs met (e.g. is comforted by being picked up or fed)	SE.12.4 Respond to adult interactions including tone of voice, expression and gestures (e.g., shaking head and frowning)	SE.18.4 Respond to adult guidance to accept an alternative to initial desire or impulse (e.g., a truck from the shelf vs. one another child has, food choices)	SE.24.4 Accept some redirection from adults	SE.36.4 Begin to control behavior by responding to choice and limits provided by an adult	SE.48.4 With adult guidance and support, wait for short period of time to get something wanted (e.g., waiting for turn with a toy or waiting for next step in daily routine)	SE.60.5 Tolerate small levels of frustration and disappointment, displaying appropriate behavior with adult prompting and support
						SE.60.6 Initiate previously-taught strategies to help delay gratification (e.g., sets up turn taking with a peer, finds a book to read while waiting for a special activity)	
			SE.18.5 Within the context of a responsive adult relationship, will begin to tolerate a brief wait for needs to be met	SE.24.5 Is aware of typical routine and show some understanding of rules, but may need adult support	SE.36.5 Make transitions and follow basic routines and rules with adult supervision	SE.48.5 Make transitions and follow basic schedule, routines and rules with occasional reminders	SE.60.7 Recall and follow daily routines with little support, including adapting to changes in rules and routines
			SE.18.6 Show anticipation and respond to familiar routines in their lives	SE.24.6 Express more complex emotions (e.g., excitement, embarrassment, pride, sadness) and begin to communicate their feelings (although this remains an emerging skill which is only partially effective)	SE.36.6 Begin to communicate about feelings, including the cause and reaction to these feelings (e.g., "I miss my mommy. I sad", "He mad you took his toy.", "I sad so Papa hug me")	SE.48.6 Express emotions experienced in typical daily routines (e.g., frustration at waiting, excitement about a favored activity, pride)	SE.60.8 Describe emotions and feelings to trusted adults and peers
Emotional Expression	SE.6.5 Display varied responses (e.g., will smile or kick when a caregiver interacts with them, may stiffen when something displeases them, or may turn away from something they dislike)	SE.12.6 Express basic emotions (e.g., sadness, frustration, anger) through facial expressions, movements, crying, smiling, laughing	SE.18.7 Express emotions through physical means such as hugging, throwing. May be cooperative or uncooperative and look to adult for reaction				

Strand: Early learning experiences will support children to develop, express, recognize and respond to emotions.

Strand: Early learning experiences will support children to develop, express, recognize and respond to emotions (continued).						
Recognition and Response to Emotions in Others	SE.6.6 React to different emotions of familiar adults (e.g., smile and coo at smiling faces, turn away from sad faces)	0-6 months SE.12.7 Notice and react to feelings of others. (e.g., may frown when another baby is crying or be upset if hears yelling)	6-12 months SE.18.8 Recognize basic feelings in self and others	12-18 months SE.24.7 Recognize and respond to basic feelings in others (e.g., gives item to peer who is upset)	18-24 months SE.36.7 Label a variety of emotions in pictures and others' expressions	24-36 months SE.48.7 Recognize, label and respond to a wide variety of emotions in others
				SE.18.9 Begin to respond to others' feelings and show interest in them. Show awareness of when an adult is pleased or upset with behavior	SE.36.8 Show awareness of appropriate responses to the emotional state of others (e.g., may occasionally comfort someone who is upset or may nurture a doll during dramatic play)	SE.48.8 Make connections between emotional reaction of others and own emotional experiences
					SE.60.10 Begin to understand that different people may have different emotional reactions	SE.60.9 Recognize and show acknowledgement of the feeling, needs and rights of others through behavior (e.g., say "thank you", shares with others, notice issues of fairness)
Sense of self	SE.6.7 React when hearing their own name through movement or expressions	SE.12.8 Consistently respond to their name	SE.18.9 Demonstrates self-awareness through response to name and use of "me" and "mine"	SE.24.8 Identify own family members by relationship and/or name	SE.36.9 Identify self, family members, teacher and some peers by name	SE.48.9 Refer to themselves by first and last name and identify some characteristics (e.g., gender, hair color, etc.) and skills
	SE.6.8 Begin to realize their hands and feet belong to them and explore them as well as face, eyes and mouth	SE.12.9 Show awareness of body parts of self and others	SE.18.10 Recognize self in mirror			SE.60.11 Identify themselves as an individual and a part of a group by sharing individual characteristics and roles within the group (e.g., name family members and roles, name team members or classmates)
Personal Preferences	SE.6.9 Express preferences for familiar people and some objects. (e.g., stop crying more quickly with a familiar person; move their legs, arms, and smile at a familiar person)	SE.12.10 Develop preferences for food objects, textures. May reject non-preferred items (e.g., pushing them away)	SE.18.11 Begin to communicate own likes and dislikes	SE.24.9 Use words and/or gestures to express interests (e.g., points and says, "look, airplane")	SE.36.10 May want to keep what belongs to them close by and often will not want to share	SE.48.10 Recognize and describe themselves in terms of basic preferences
						SE.60.12 Describe self by referring to preferences, thoughts and feelings

PROOF

Strand: Early learning experiences will support children to develop self-awareness, self-concept and competence (continued).						
	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years
Self-Concept and competency	SE.12.11 Demonstrate anticipation of results from own actions (e.g., drops toy so adult will pick it up, repeats action that makes loud noise)	SE.18.12 Show confidence when supported to complete familiar tasks and will attempt new tasks with adult support SE.18.13 React positively (e.g., smiles, claps) to accomplishments SE.12.12 Respond to own actions with pleasure (e.g., coos, laughs)	SE.24.10 Complete simple familiar tasks with confidence (e.g., puts on article of clothing); engage in new experiences with support from a familiar adult	SE.36.11 Regularly engage in familiar activities to show independence by frequently attempting to do things on their own even when tasks are difficult for them	SE.48.11 Demonstrate confidence in a range of activities, routines, and tasks and take initiative in attempting unfamiliar tasks	SE.60.13 Demonstrate increased confidence in attempting new tasks and making decisions regarding activities and materials
Adult Relationships (see note below)	SE.6.10 Respond differently to different people. Respond to familiar people by smiling, cooing, and moving their body SE.6.11 Show interest in interacting with others. May gain an adult's attention and wait for a response	SE.12.13 Engage in social interactions not connected to getting physical needs met (e.g., peek-a-boo , performing, copying others, and babbling) SE.12.14 Notice the activity of adults and other children and attend closely	SE.18.14 Show affection or shared attention (e.g., pointing out something of interest) to an increasing number of familiar people	SE.24.11 Enjoy games and other social exchanges with familiar adults. May seek out repeated patterns of interaction	SE.36.13 Enjoy sharing new experiences with familiar adults	SE.60.15 Typically use socially appropriate behavior with adults, such as helping, responding to limits, etc.

Note: Caregivers guide children during interactions with them, as well as other adults. Therefore, these markers of social relationships with adults are highly dependent upon child temperament, the adult temperament, and the adult's guidance and regulation of the interplay.

Strand: Early learning experiences will support children to develop social relationships (continued).

		0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Play/ Friendship	SE.6.12 Notice other children and may touch, smile or coo to them	SE.12.15 Watch actions of other children but does not join into the play. May stay in proximity, make eye contact and bubble	SE.18.15 Show interest in children who are playing nearby and may interact with them briefly	SE.24.12 Show interest in what other children are doing and play alongside them with similar materials	SE.36.14 Seek out other children and will interact with other children using common materials	SE.48.13 Interact with one or more children (including small groups) beginning to work together to build or complete a project	SE.60.16 Cooperates with peers through sharing and taking turns	SE.60.17 Increasingly invested in the responses and friendship of peers and modify behavior to enhance peer relationships
Conflict resolution					SE.48.14 Interact with a variety of children in the program	SE.60.18 Seek help from peers and offers assistance when it is appropriate		SE.60.19 Engage in developing solutions and work to resolve conflict with peers

Strand: Early learning experiences will support children to develop gross motor skills (continued).	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Large Muscle Movement and Coordination				PH.18.4 Throw ball in forward direction	PH.24.4 Use more complicated series of movements such as climbing onto and down from furniture without help, propelling self on ride-on toys	PH.36.3 Catch and throw a playground ball with an adult short distance away PH.36.4 Jump with two feet	PH.48.2 Combine several gross motor skills in an organized way, such as moving through an obstacle course or participating in a creative movement activity following directives PH.48.3 Hop on one foot
Strand: Early learning experiences will support children to develop fine motor skills.							
Visual Motor Integration	PH.6.6 Locate an object using vision or sound, reach and grasp the object	PH.12.4 Reach into containers or reaches to activate a simple cause and effect toy	PH.18.5 Engage in play that requires using vision and hands such as build a tower or structure, with several blocks balanced on top of each other or placing a large peg in a pegboard base	PH.24.6 Orient pieces to match opening and complete a simple inset form board/puzzle or shape sorter	PH.36.6 Use common tools that require eye-hand coordination with precision and for their intended purpose (e.g., hammer peg, twist handle to open latch, put body parts on Mr. Potato)	PH.48.6 Use smaller objects with precision (e.g., put small pegs in light board, use large needle to sew, use scissors to cut on curved line, etc.)	PH.60.3 Use coordinated movements to manipulate materials, including cutting and drawing with control and using appropriate hand position to manipulate objects (e.g., thumb up position while using scissors)
	PH.6.7 Follow an object with eyes across body, crossing the middle			PH.12.5 Combine and separate toys (e.g., replace and remove large rings from post in any order)			

PROOF

Strand: Early learning experiences will support children to develop fine motor skills (continued).

	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Small Muscle Movement and Coordination	PH.6.8 Use voluntary and purposeful movements to bring hands to mouth.	PH.12.6 Move objects from one hand to another and combine items at center of body (e.g., banging two blocks together)	PH.18.6 Use both hands at the same time for different purposes (e.g., may stabilize tower with one hand and add an additional block with other hand)	PH.24.7 Use a writing tool to scribble purposefully and imitate vertical and horizontal stroke; may use a fisted grasp	PH.36.7 Use writing tools or paint objects with some control and purpose	PH.48.7 Use writing/drawing tools with increased precision to draw simple shapes, pictures and/or letter. May have immature pencil grasp with 3-5 fingers on pencil shaft	PH.60.4 Have sufficient control of writing implements to copy simple forms or geometric shapes and write some letters (e.g., may write own name since these are most familiar)
	PH.6.9 Bring hands together while lying on back		PH.12.7 Use index finger to poke and point and grasp small objects between thumb and fingertips				PH.60.5 Use a mature pencil grasp with 3 fingers on writing implement
Strand: Early learning experiences will support children to acquire adaptive skills.							
Note: Consideration of cultural beliefs and preferences across these developmental progressions is critical.							
Feeding Routines/ Nutrition	PH.6.10 Participate in feeding routines with consistent caregivers by holding onto bottle, and/or leaning forward in anticipation of food offered via bottle, breast, or spoon	PH.12.8 Participate in feeding routines by, holding cups or bottles, using fingers for self-feeding, and/or using eating utensils	PH.18.7 Demonstrate increased proficiency using eating utensils and cups. May begin to serve self some food, but spills are common	PH.24.8 Begin to serve self food (dishing out helpings and pouring liquids) with adult assistance	PH.36.8 Feed self with minimal spilling.	PH.48.8 Pour liquid from a small pitcher	PH.60.6 Use butter knife to spread and cut. Open most containers to remove food
Safety and Responsibility			PH.18.8 Typically respond to adult requests to stop unsafe behavior	PH. 24.9 Show awareness of items that are unsafe and point them out to familiar adults (e.g., point out open gate above stairs, show them a knife that is left on counter)	PH.36.9 Tell several basic safety rules at home and in familiar settings (e.g., school, library, and playground). Bring other children's rule-breaking to the attention of adults	PH.48.9 Understand basic safety rules at home and in familiar settings (e.g., school, library, and playground). Generally follow rules and bring other children's rule-breaking to the attention of adults	PH.60.7 Understand the reason for most basic safety rules at home, in familiar settings, and in the community

Strand: Early learning experiences will support children to acquire adaptive skills (continued).						
	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years
Dressing and Hygiene	PH.12.9 Participate in dressing, undressing, and bathing by holding arms out, taking off socks, etc.	PH.18.9 Show interest in doing things for him/herself including dressing. Put arm in sleeve, step out of pants, attempt to put on socks or shoes	PH.24.10 Engage in dressing and hygiene routines with increasing intention: pull pants up and down, take off jacket, dry own hands	PH.36.10 Attempt to complete basic self-care routines (e.g., dressing, undressing, toileting, and washing) although may still need caregiver assistance	PH.48.10 Manage most aspects of dressing, toileting, hand washing, and tooth brushing independently with minimal caregiver reminders to guide and support	PH.60.8 Typically manage own dressing, toileting, and basic hygiene
Strand: Early learning experiences will support children to maintain physical health status and well-being.						
Note: Consideration of cultural beliefs and preferences across these developmental progressions is critical.						
Physical Health Status	Children's physical health status impacts learning and development in all areas. Children who possess good overall health (including oral, visual, and auditory) with any appropriate supports (such as glasses, hearing aids, or alternative communication systems) have a solid foundation to help them grow and learn. Maintaining good overall health status involves regular screenings, a lack of illness or preventable diseases, age appropriate amounts of sleep and rest, and healthy growth patterns (e.g., height and weight).					
Physical Activity	PH.6.11 Interact with caregivers in daily physical activities that involve exploration and movement	PH.12.10 Interact with caregivers in daily physical activities that involve varying positions and promote development of movement skills	PH.18.10 Interact with caregivers in a variety of physical activity experiences	PH.24.11 Engage in physical activity in both indoor and outdoor environments that require use of large muscles	PH.36.11 Demonstrate increasing strength and endurance sufficient to actively engage in 60 minutes of moderate to vigorous physical activity spread over the course of a day	PH.48.11 Demonstrate increasing strength and endurance sufficient to actively engage in 60 minutes of moderate to vigorous physical activity spread over the course of a day
Healthy Behaviors	Children participate in self-care routines, hygiene and nutrition with assistance and prompting from caregivers. These skills are addressed in the following strands: • Dressing and Hygiene • Feeding Routines/Nutrition					
	PH.36.12 Discuss healthy practices including hygiene, nutrition and sleep					
	PH.48.12 Name examples of healthy practice including hygiene, nutrition and sleep					
	PH.60.10 Identify healthy practices including hygiene, nutrition and sleep					

34 The language, communication, and literacy learning progressions included here are intended to represent common development of language skills in a child's primary language or modes of communication. Children who are learning multiple languages or children who are learning to communicate in modes of communication different from that of their primary caregiver may demonstrate individual variation in their progress toward these language and literacy goals. Those supporting children who are learning multiple languages may also want to refer to the supplemental Dual Language Learner Framework to be used in conjunction with considering a child's progress in their primary language or mode of communication through the use of this domain.

Learning Progression		Early Language, Communication, and Literacy				Language and Literacy	
		0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years
	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>	Indicators: <i>This is evident, for example, when children:</i>
Word Comprehension	L.6.1 Respond to facial expressions or voices by changing own facial expression, crying, or altering movements	L.12.1 Understand that words, gestures, and/or signs represent people, objects, or experiences that are not present	L.18.1 Understand that words, gestures, or signs stand for people, objects, or experiences that are not present	L.24.1 Demonstrate in a variety of ways understanding of most of what is communicated through gestures, signs, or oral language	L.36.1 Demonstrate an understanding of an increased vocabulary, influenced by experiences and relationships	L.48.1 Understand words or signs for objects, actions, and visible attributes found frequently in both real and symbolic contexts	L.60.1 Understand an increasing variety and specificity of words for objects, actions, and attributes encountered in both real and symbolic contexts
Language Comprehension	L.6.2 Orient to the direction of sound or visual cues L.6.3 React when hearing own name or to positive facial expression	L.12.2 Can carry out simple requests (e.g., "wave bye-bye")	L.18.2 Remember language heard repeatedly in stories, poems, and interactive language experiences	L.24.3 Respond to questions and follow simple directions	L.36.2 Follow two-step directions	L.48.2 Understand increasingly complex sentences that include 2 - 3 concepts (e.g., "Put the blue paper under the box.")	L.60.2 Understand increasingly complex sentences that include 3-4 concepts (e.g., "Plants are living things that will not survive without soil, sunlight, and water.")

Strand: Early learning experiences will support children to use language (expressive language).

	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Vocabulary	L.6.4 Use a variety of facial expressions and sounds (e.g., cooing, babbling, and varied cries) to communicate	L.12.3 Begin to use word approximations (e.g., "ma-ma" or "da-da") or conventional gestures (e.g., waving, signing "more")	L.18.3 Begin to use words or conventional gestures to communicate	L.24.4 Name familiar objects and actions; use commands (e.g., "no"), possessives (e.g., "mine") or reactions (e.g., "ow")	L.36.3 Use nouns and verbs to label experiences, actions, or events	L.48.3 Use accepted words for objects, actions, and attributes encountered frequently in both real and symbolic contexts	L.60.3 Use an increasing variety and specificity of accepted words for objects, actions, and attributes encountered in both real and symbolic contexts
				L.36.4 Use some personal pronouns when referring to others (e.g., "you", "he", "she")	L.48.4 Use simple pronouns (e.g., I, me, you, mine, he, she)		
			L.18.4 Has a 20+ word vocabulary	L.24.5 Use new words frequently to talk about familiar things or activities	L.36.5 May occasionally use more sophisticated words than they typically use in conversational speech but that have been learned through books and personal experiences (e.g., large, fast, angry, car, run)	L.48.5 Begin to use some words that are not a part of everyday conversational speech but that are learned through books and personal experiences (e.g., gigantic, rapidly, frustrated, transportation, race or jog)	L.60.4 Use more complex words learned through books and personal experiences (e.g., label favorite shirt as chartreuse, or know that a paleontologist studies dinosaurs)
Expression of Ideas, Feelings and Needs	L.6.5 "Talk" to self and others using various vocalizations	L.12.4 Communicate wants and needs through a combination of crying, babbling, and occasional word approximations, and/or gestures	L.18.5 Respond to questions with sounds, sometimes including words and oftentimes gestures	L.24.6 Use words to request objects, have needs met, or gain attention	L.36.6 Use inflection in phrases or sentences to ask a question	L.48.6 Communicate about current or removed events and/or objects	L.60.5 Use more complex words to describe the relationships between objects and ideas (e.g., position words such as under or beside and comparative words such as bigger or longer)
					L.36.7 Comment on a variety of experiences, interactions, or observations	L.48.7 Use increasingly longer, complex sentences that combine phrases or concepts to communicate ideas	

Strand: Early learning experiences will support children to use language (expressive language) (continued).

		0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Language Structure		L.18.6 Increasingly use gestures and sounds in coordination to communicate	L.24.7 Combine words and speaks in short, two-word phrases such as 'me up!'	L.36.8 Use basic grammar rules including pronouns, plurals, possessives, and regular past tense	L.48.8 Use basic grammar rules including irregular past tense and questions	L.60.6 Use basic grammar rules including subject-verb agreement, tenses, regular and irregular past tense, irregular plurals		
				Note: Variations in applying grammar rules may be due to dual language learning and/or alternative grammar usage by their family	Note: Variations in applying grammar rules may be due to dual language learning and/or alternative grammar usage by their family	Note: Variations in applying grammar rules may be due to dual language learning and/or alternative grammar usage by their family		
				L.36.9 Use speech that is mostly intelligible to familiar adults	L.48.9 Use speech that is mostly intelligible to familiar and unfamiliar adults	L.60.7 Use an increasing variety and specificity of accepted words for objects, actions, and attributes encountered in both real and symbolic contexts		
Conventions of Conversation	L.6.6 Show interest in back and forth pretend games	L.12.5 Begin to understand that a conversation is about taking turns	L.18.7 Pay attention to a speaker by pausing physical activity, shifting gaze, or looking towards speaker	L.24.8 Take turns in conversations by initiating and sustaining a simple conversation over two turns	L.36.10 Have conversations with adults and peers that include four or more exchanges	L.48.10 Maintain a topic of conversation over the course of several turns	L.60.8 Initiate, maintain, and end conversations by repeating what other person says and/or by asking questions	
				L.18.8 Repeat or try another mode of communicating desire if initial attempts are unsuccessful				

Strand: Early learning experiences will support children to use language for social interaction (continued).

Language for Interaction	0-6 months L.6.7 Coo, gurgle, smile in response to stimulation and to initiate social contact	6-12 months L.12.6 Enjoy opportunities to “converse” with adults in a more sustained fashion, including playing simple imitation games	12-18 months L.18.9 Use gestures and/or sounds to interact (e.g., waves, shakes head no, reaches to be lifted up)	18-24 months L.24.9 Answer a basic question with a word	24-36 months L.36.11 Converse with adults and peers about common experiences or events	3 to 4 years L.48.11 Answer simple who, what, where, and why questions	4 to 5 years L.60.9 Use language to share idea and gain information
	L.6.8 Express pleasure as adults imitate the faces and sounds they make	L.12.7 Intentionally use gestures and/or vocalizations to regulate the behavior of others and engage in social interaction		L.24.10 Use language to express wants, needs, likes, and dislikes to others			
	Strand: Early learning experiences will support children to gain book appreciation and knowledge.						
Interest and Engagement with Books	L.6.9 Respond to music, stories, and pictures shared with an adult	L.12.8 Engage with adults, showing shared attention to a book	L.18.10 Point to preferred pictures in books or texts L.24.12 Chime in on nursery rhymes or repeat words or phrases from familiar stories	L.24.11 Point to named pictures; may name or comment on familiar pictures	L.36.12 Sustain attention for short periods of time while being told a story or read a favorite picture book L.36.13 Recite familiar phrases of songs, books, and rhymes; may chime in with rhyme in familiar text or song	L.48.12 Select fiction and non-fiction books to be read and attend with interest	L.60.10 Independently choose to ‘read’ books and select a variety of texts, including fiction and nonfiction

Strand: Early learning experiences will support children to gain book appreciation and knowledge (continued)

<p>Understanding of Stories or Information</p> <p>Stories or information may be shared through oral storytelling, sharing of pictures and/or books</p>	<p>0-6 months</p>	<p>6-12 months</p>	<p>12-18 months</p>	<p>18-24 months</p>	<p>24-36 months</p>	<p>3 to 4 years</p>	<p>4 to 5 years</p>
				<p>L.24.13 Answer simple specific questions about familiar stories (e.g., "What does the cat say?") Ask basic questions about pictures (e.g., "Who is that?")</p>	<p>L.36.14 Enjoy telling and retelling stories and information</p>	<p>L.48.13 Demonstrate comprehension through retelling with use of pictures and props, acting out main events, or sharing information learned from nonfiction text</p>	<p>L.60.11 With prompting and support, retell familiar stories, including story elements (e.g., setting, characters, events) and/or shares key details from informational text</p>
					<p>L.48.14 Ask and answer simple who, what, where, and why questions related to story or text</p>	<p>L.60.12 Ask and answer who, what, where, and why questions related to story or text</p>	<p>L.60.13 Use connections between self and character, experience, and emotions to increase comprehension</p>

Strand: Early learning experiences will support children to gain knowledge of print and its uses (continued).

	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years	4 to 5 years
Letter Recognition						L.48.18 Recognize some letters especially those in one's own name	L.60.19 Recognize and name known letters of the alphabet in familiar and unfamiliar words
							L.60.20 Make some letter-sound connections
Strand: Early learning experiences will support children to develop phonological awareness.							
Phonological Awareness						L.36.17 Recognize environmental sounds (e.g., animal or vehicle sounds such as "Baa-baa" or "Beep-beep")	L.48.19 Recognize rhyming words in songs, chants, or poems
							L.48.20 Identify when initial sounds in words are the same
							L.48.21 Distinguish individual words in a sentence
Strand: Early learning experiences will support children to convey meaning through drawing, letters and words.							
Drawing and Writing						L.18.11 Use writing tools to make scribbles	L.24.15 Use writing tools to make scribbles
							L.36.18 Draw simple shapes to represent ideas and write message using controlled linear scribble
							L.48.22 Draw or "write" to convey an idea, event, or story. "Writing" involves scribbles, letters, and/or letter-like shapes (e.g., make pretend list, or use their words to dictate a message to communicate with others)
							L.48.23 Writing is distinct from drawing; combine scribbles with letter-like forms
							L.60.24 Draw original stories with a beginning, middle, and end
							L.60.25 Use early developmental spelling; may use one letter for the initial or final sound to represent whole word

Strand: Early learning experiences will support children to engage in and enjoy the arts (continued)

	0-6 months	6-12 months	12- 18 Months	18-24 Months	24 to 36 Months	3 to 4 years	4 to 5 years
Visual Arts	CA.6.2 React to stimulation in the environment. This can include drawing, sculptures, or painting. Response may be slight such as a glance or stopping an activity	CA.12.4 Respond and explore through sensory experiences such as water play, texture books or toys, and jumbo crayons	CA.18.4 Experiment with a variety of media, including painting with a paint brush, finger painting, scribbling, gluing and taping, age appropriate art software	CA.24.4 Use a wide variety of art materials and media (e.g., clay, dough, wet sand) for purposeful sensory exploration	CA.36.4 Create art in a variety of media with some control and own purpose	CA.48.5 Use different materials and techniques to make art creations that reflect thoughts, feelings, experiences, knowledge	CA.60.5 Use a variety of tools and materials to represent ideas through the visual arts
Drama				CA.24.5 Experiment with strokes and lines using brushes, crayons, markers, etc.	CA.36.5 Engage in simple pretend play activities	CA.48.6 Act out simple scenarios, taking on a familiar role for brief periods during dramatic play	CA.60.6 Assume elaborate roles in dramatic play situations (e.g., may play multiple roles or may stay in character for extended periods of time)
Dance				CA.18.5 Show increasing body awareness through gross motor movement (e.g., walking, bouncing, swaying, rocking, climbing) and bilateral movement (patting), show directional awareness in movements, and use non-locomotor movements (simple finger plays)	CA.24.7 Demonstrate developing ability to balance, awareness of body (e.g., name body parts, move distinct body parts)	CA.36.6 Demonstrate directional and spatial awareness involving time (fast/slow), space (high, middle, low), or energy (hard/soft) (e.g., moving like a turtle, jumping like a frog, floating like a feather, etc.)	CA.60.8 Use multiple dance concepts as a way to communicate meaning, ideas and feelings (e.g., use movement to represent leaves falling off trees -sway arms, wiggle fingers, stretch, fall to ground)

PROOF

Strand: Early learning experiences will support children to understand counting and cardinality.							
Number Names		M.18.1 Say or sign a few number names, but may not necessarily recite them in the correct order	M.24.1 Say or sign a few number names, with beginning evidence of correct sequence (e.g., starts with "one")	M.36.1 Say or sign number sequence up to at least five. Use other number names but not necessarily in the correct order	M.48.1 Say or sign the number sequence up to at least 10	M.60.1 Say and sign the number sequence up to at least 20	M.60.1 Say and sign the number sequence up to at least 20
Cardinality		M.18.2 Demonstrate one-to-one or one-to-many correspondence (e.g., may fill each compartment in a egg carton with one or several objects)	M.24.2 Put objects in one-to-one correspondence (e.g., puts one item in each compartment)	M.36.2 Count two to three objects using one-to-one correspondence, using the number name of the last object counted to represent the total number of objects in a set	M.48.2 Count up to at least five objects using one-to-one correspondence, using the number name of the last object counted to represent the total number of objects in a set	M.60.2 Count up to 10 objects using one-to-one correspondence, regardless of configuration, using the number name of the last object counted to represent the total number of objects in a set	M.60.2 Count up to 10 objects using one-to-one correspondence, regardless of configuration, using the number name of the last object counted to represent the total number of objects in a set
Written Numerals				M.48.3 Count out a set of objects up to 4	M.60.3 Count out a set of objects up to 5	M.60.4 Recognize written numerals up to at least five	M.60.4 Recognize written numerals up to at least 10

Strand: Early learning experiences will support children to understand counting and cardinality (continued).

Recognition of Quantity	0-6 months 6-12 months 12-18 months 18-24 months	M.24.3 Name groups of one to two objects	M.36.3 Name and match a small collection of up to three objects	M.48.5 Recognize and name, without counting, the number of objects in small groups of at least 3 or 4 objects	3 to 4 years	4 to 5 years
Comparison		M.24.4 Compare collections that are quite different in size	M.36.4 Compare collections of 1-4 similar items verbally or non-verbally	M.48.6 Compare sets of 1-5 objects using a visual matching or counting strategy and describing the comparison as more, less than, or the same	M.60.6 Compare sets of up to 10 objects using a visual matching or counting strategy and describing the comparison as more, less than, or the same	M.60.5 Quickly recognize and name, without counting, the number of objects in collections of up to at least five items
Strand: Early learning experiences will support children to understand and describe relationships to solve problems (operations and algebraic thinking.)						
Number Operations			M.36.5 Use some vocabulary related to relative quantity (e.g., "more", "less")	M.48.7 Understand that adding to (or taking away) one or more objects from a group will increase or decrease the objects in the group	M.60.7 Use real-world situations and concrete objects to model and solve addition (e.g., putting together) and subtraction (e.g., taking away) problems up through 5	M.60.8 Recognize and describe parts contained in larger numbers by composing number combinations up to at least five (e.g., recognize how many have been secretly taken away from a group of five objects)
Strand: Early learning experiences will support children to understand the attributes and relative properties of objects (measurement and data).						
See Attributes, Sorting and Patterns strand in Cognition			M.36.6 Have an increasing vocabulary related to number, size and quantity (e.g., say something is "big" or request "more")	M.48.8 Recognize measurable attribute of an object such as length, weight or capacity	M.60.9 Compare the measurable attributes of two or more objects (e.g., length, weight and capacity) and describe the comparison using appropriate vocabulary (e.g., longer, shorter, same length, heavier, lighter, same weight, holds more, holds less, holds the same amount)	M.60.10 Begin to use strategies to determine measurable attributes (e.g., length or capacity of objects); may use comparison, standard or non-standard measurement tools
Measurement		M.24.5 Use some vocabulary related to size and quantity (e.g., say something is "big" or request "more")				

Strand: Early learning experiences will support children to understand the attributes and relative properties of objects (continued).						
	0-6 months	6-12 months	12-18 months	18-24 months	24-36 months	3 to 4 years
Data					M.48.9 Sort objects into two groups, counts, and compare the quantity of the groups formed (e.g., indicates which is more)	M. 60.11 Represent data using a concrete object or picture graph according to one attribute
Sorting and Classifying	M.18.3 Match objects that are the same	M.24.6 Sort objects using inconsistent strategies (e.g., favorite items, colors)	M.36.7 Sort on the basis of one attribute with adult support	M.48.10 Sort and classify objects by one attribute into two or more groups (e.g., color, size, shape)	M.60.12 Sort and classify a set of objects on the basis of one attribute independently and describe the sorting rule; can re-sort and classify the same set of objects based on a different attribute	M.60.13 Use relational vocabulary (e.g., beside, next to, between, above, below, over and under) to identify and describe the location of an object
Spatial Relationships	M.18.4 Adjust their reach and grasp based upon distance, size and weight of an object	M.24.7 Show beginning understanding of positional vocabulary (e.g., up/down, in/out, on/off, under)	M.36.8 Find objects or locations based upon landmarks and position words (e.g., "Your blanket is on the couch")	M.48.11 Use positional vocabulary (e.g., up/down, in/out, on/off, under) to identify and describe the location of an object	M.48.12 Identify 2-dimensional shapes (starting with familiar shapes such as circle and triangle) in different orientations and sizes	M.60.14 Identify and describe a variety of 2-dimensional and 3-dimensional shapes with mathematical names (e.g., ball/sphere, box/rectangular prism, can/cylinder) regardless of orientation and size
Identification of Shapes		M.24.8 Match familiar shapes (e.g., circle, square and typical triangle) with same size and orientation	M.36.9 Match familiar shapes with different size and orientation		M.48.13 Combine two or more shapes to create a new shape or to represent an object in the environment	M.60.15 Complete a shape puzzle or a new figure by putting multiple shapes together with purpose
Composition of Shapes

Early Learning experiences will support children to develop an understanding of economic systems and resources.			
	3 to 4 years	4 to 5 years	
Individuals, Groups, and Institutions	SS.48.8 Demonstrate awareness of a variety of jobs in their community and the work associated with them through conversation and/or play	SS.60.7 Demonstrate awareness of the tools and technologies associated with a variety of roles and jobs; expressing interest in different careers	
Production, distribution, and Consumption	SS.48.9 Demonstrate beginning understanding of commerce through exploring the roles of buying and selling in play	SS.60.8 Demonstrate understanding of the basic relationship of money for the purchase of food, shelter, goods and services, moving toward an understanding of the difference between wants and needs	
Science, technology, and Society	SS.48.10 Understand the use of tools, including technology, for a variety of purposes	SS.60.9 Begin to be aware of technology and how it affects life	
Early Learning experiences will support children to understand change overtime.			
Time, Continuity, and Change	SS.48.11 Demonstrate a basic understanding of sequence of events and time periods (e.g., using terms such as time of day, yesterday, today and tomorrow)	SS.60.10 Demonstrate a beginning understanding of past, present, and future as it relates to one's self, family, and community	
	SS.48.12 Demonstrate a beginning understanding of change over time through discussing topics such as their own growth and how they have changed	SS.60.11 Demonstrate a beginning understanding of change over time through discussing, representing, or playing about expanding topics such as their own growth and family history	

Dual Language Development Framework: Learning Progressions for 2nd Language Acquisition

This is a basic framework for considering development of second language learning and was developed as a supplement to the Early Learning and Development Standards. It is necessary to consider information about children's language development in all languages they are learning when looking at their skills and progress in other developmental domains and content areas. The Language and Literacy domain applies to all students and reflects what children should know and be able to do in their first or primary language(s). Although learning multiple languages may impact the timing of some development in the Language and Literacy domain, the learning progressions in that domain are considered the primary language and literacy acquisition standards. This section is not applicable to all students, but rather is designed to raise awareness of the typical stages of acquiring a second language. It shows a general progression of skills, loosely based on a child with some initial experiences in a first language (L1) who is receiving continued support of language and academic development in L1 at the same time they are learning a second language (L2). The general progression in the document is shown below.

Beginning Home language and first experiences with second language	Middle Beginning use of second language	Later Increasing use of second language
--	---	--

There is wide variation in the experiences and skills of children who are learning a second language. The degree to which children's use of their first or second language is supported at home and in other environments has a great impact on their language development, as does the age at which they begin to learn a second language. Children with different experiences and varying exposure to languages may vary from the developmental progression indicated in this document. Some examples are:

- Children who learn two languages at home on a continuing basis from birth may develop similar skills in both languages at the same time.
- Children with strong verbal skills in L1 may move from the beginning stages to later stages more quickly than a child who is very young or who has not had strong language models in L1.
- Children whose school experiences are provided in L2 may begin to demonstrate stronger skills in L2 than in L1 if their academic knowledge, vocabulary, and expression of higher order thinking are not supported in L1.

All of these variables should be considered when looking at children's language development. This document can serve a basis for considering a child's skills when they are learning a second language or when their home language is different from that learned at school.

Research widely supports the advantages of learning multiple languages and shows that greater skills in a first language support the development of skills in a second language. Therefore, this document promotes continuing support for children's language development in their first language. While the supports for first and second language development may not occur in the same settings, communication and coordination to ensure common goals across settings will help to ensure the best outcomes for children.

Learning Progression	Supplemental Dual Language Development Framework		
	Beginning Home Language and first experiences with second language	Middle Beginning use of Second language	Later Increasing use of Second Language
Strand: Early learning experiences will support children to develop listening skills.			
Comprehension of Information Presented Orally	DLL.B.1 Demonstrate an understanding of words related to basic and advanced concepts in L1 that are appropriate for their age; May understand a few words in L2	DLL.M.1 Demonstrate listening comprehension of familiar information and concepts in L2, especially with visual and verbal supports (e.g., repetition of information, clarification)	DLL.L.1 Demonstrate listening comprehension of familiar and unfamiliar content and concepts in L2 with continued and appropriate support (including the use of contextual clues real experiences, concrete objects, visual/films, etc.)
Comprehension of Oral Instructions, Questions and Prompts	DLL.B.2 Respond to directions, prompts and questions in L1 and acknowledge or respond nonverbally to common words or phrases in L2 when accompanied by gestures and contextual cues	DLL.M.2 Begin to respond to age appropriate routine directions, prompts and familiar questions in L2, especially when there are contextual clues	DLL.L.2 Respond to age appropriate directions, prompts and questions in L2, including multi-step directions with continued and appropriate support (including the use of contextual clues real experiences, concrete objects, visual/films, etc.)
Vocabulary	DLL.B.3 Demonstrate growing vocabulary in L1 while beginning to attend to L2 language, relying on simplified speech and visual or non-verbal cues or the actual objects	DLL.M.3 Demonstrate understanding of familiar words and simple phrases in L2, especially objects, actions, and basic common social vocabulary	DLL.L.3 Comprehend and respond to increasingly complex and varied L2 vocabulary with continued and appropriate support (including the use of contextual clues real experiences, concrete objects, visual/films, etc.)
Pronunciation and Intonation Patterns	DLL.B.4 Demonstrate an age appropriate understanding of intonation patterns in L1 and recognize a couple of basic patterns in L2 (e.g. intonation used for question versus statement in English)	DLL.M.4 Respond appropriately to an increasing number of basic intonation patterns in L2 (e.g., can follow and use intonation of songs with or without the correct words)	DLL.L.4 Distinguish intonation patterns and word stress that affect meaning in questions, statements, exclamations and commands in L2; May still demonstrate difficulty hearing some sounds
Conversations and Discussions	DLL.B.5 Demonstrate active listening strategies about personal topics by attending to the speaker nonverbally, making eye contact (if culturally relevant) and attending to gestures	DLL.M.5 Use age-appropriate listening strategies during conversations and discussions, asking on-topic questions with support	DLL.L.5 Attend to speaker during conversation and discussion in L2, responding appropriately with continued and appropriate support (including the use of contextual clues, real experiences, concrete objects, visual/films, etc.)
Strand: Early learning experiences will support children to develop speaking skills.			
Communication of Needs	DLL.B.6 May use L1 or L2 to attempt to communicate; In L2 dominant environments may rely on nonverbal communication, such as gestures or behaviors, to seek attention, request objects, or initiate a response from others	DLL.M.6 Combine nonverbal and some verbal communication in L2 to be understood by others (may use L1 and L2 in combination or may use imitative, telegraphic and/or formulaic speech); Request items in L2; May use social greetings and common phrases (e.g., "I don't know") in L2	DLL.L.6 Show increasing ability to use verbal communication in L2 to be understood by others; Demonstrate increased participation in conversations with peers and adults
Conversation and Discussion	DLL.B.7 Use L1 in during language exchanges and use basic non-verbal communication techniques such as gestures, etc.; May occasionally use single words in L2 to communicate	DLL.M.7 Use both L1 and L2 to engage with peers/adults, request or respond; May use L1 and L2 interchangeably (code-switching) and engages in age appropriate social discussions	DLL.L.7 Demonstrate ability to engage in age-appropriate conversations in L2 on a variety of topics

Pronunciation and Intonation	DLL.B.8 Produce age appropriate sounds and phonemic structures in L1; May apply L1 patterns when using single words or short phrases in L2	DLL.M.8 Use approximations of sounds and some age-appropriate sounds in L2 but may still carry pronunciation patterns from L1; May add or omit sounds in L2 even when repeating after a model; Use age appropriate pronunciation, enunciation, intonation, and fluency using words, phrases and simple sentences when repeating after a model	DLL.L.8 Generally use age appropriate pronunciation, enunciation, intonation and fluency in L2 but may still carry pronunciation patterns from L1
Grammar and Syntax	DLL.B.9 Use age appropriate grammar in L1 (e.g. plurals, simple past tense, etc.); May apply L1 patterns when using single words or short phrases in L2	DLL.M.9 Begin to use some L2 grammatical structures but may make still apply rules from L1 to L2	DLL.L.9 Increasingly use age appropriate forms of grammar in L2, (e.g. plurals, simple past tense, subject-verb agreement)
Social Conventions	DLL.B.10 Use age appropriate social communication skills in L1; May apply L1 conventions when using single words or short phrases in L2	DLL.M.10 Show a beginning understanding of social conventions in L2	DLL.L.10 Use age appropriate verbal and non-verbal social conventions in L2
Vocabulary Production	DLL.B.11 Use age appropriate vocabulary in L1 and begin to use and demonstrate understanding of (through nonverbal communication or gestures) basic, concrete labels in L2	DLL.M.11 Begin to use L2 vocabulary, especially concrete objects and routine verbs.; Also begin to use social greetings and common phrases/words and appropriate nonverbal actions that indicated understanding of common phrases/words	DLL.L.11 Use age-appropriate and varied vocabulary in a variety of contexts with continued and appropriate support (including the use of contextual clues real experiences, concrete objects, visual/films, etc.)
Utterance Length and Complexity	DLL.B.12 Use age appropriate range of utterance length in L1 and may use isolated words in L2	DLL.M.12 Use two and three word utterances in L2 while continuing to expand utterance length and complexity in L1	DLL.L.12 Use age-appropriate utterance length in L2 with increasing use of more complex grammatical structures and a wider variety of elements of speech (e.g. descriptors, pronouns, etc.)
Academic Information (inquiry, narrative development)	DLL.B.13 Prefer use of L1 to engage in learning and exploration across developmental domains or content areas (e.g. ask and answer age appropriate questions related to science and math, identifies emotions, retells stories, etc.)	DLL.M.13 Begin to use L2 to engage in inquiry and learning experiences; May rely on students that share common L2 for understanding and learning. Need concrete experiences to acquire understanding and make connections to L1, prior experiences and known concepts	DLL.L.13 Are able to use L1 or L2 in a range of learning and exploratory contexts with continued ongoing support in L1 and L2

Strand: Early learning experiences will support children to develop early literacy skills.

These progressions apply to children approximately 3-5 years of age.

Vocabulary, Symbols and Environmental Print	DLL.B.14 Begin to recognize that symbols (classroom, home or community) in the environment carry a consistent meaning in L1 or L2	DLL.M.14 Recognize in the environment (classroom, home or community) some familiar symbols, words and print labels in L1 or L2	DLL.L.14 Recognize in the environment (classroom, home or community) an increasing number of familiar symbols, words, and print labels in L2
Connect written text and spoken language	DLL.B.15 Begin to recognize the first letter in their own name or the character for their own name in L1 or L2	DLL.M.15 Identify some letters or characters in L1 and L2 and the sounds associated with them.	DLL.L.15 Begin to demonstrate that the letters or characters of the L2 alphabet or system are symbols that make up or represent words
Phonemic awareness	DLL.B.16 Attend to and experiment with different sounds or tone in words in L1	DLL.M.16 Attend to and experiment with different sounds or tone in words in L1 and L2 with support	DLL.L.16 Experiment with and vary sounds in words in L1 and L2 (e.g. manipulating onsets, rimes and phonemes to create rhymes, alliteration, etc.)
Written language	DLL.B.17 Begin to demonstrate an awareness that written language can be in L1 or L2	DLL.M.17 Begin to use marks or symbols to represent spoken language in L1 or L2	DLL.L.17 Continue to develop beginning writing skills by using letters or symbols from L2 to represent their ideas

Appendix A: Connecticut Early Childhood Education Cabinet: Early Learning Standards Workgroup

- Co-Chair: Harriet Feldlaufer** *Chief, Bureau of Teaching & Learning,
State Department of Education*
- Co-Chair: Dina Anselmi** *Co-director, Trinity College Center for Teaching & Learning
and Associate Professor of Psychology*
- Elizabeth Ann (EA) Aschenbrenner** *Director of Early Childhood Initiatives, EASTCONN*
- Andrea Brinnel** *Consultant, Department of Education*
- Marcia Elliott** *Principal, West Stafford School*
- Amparo Garcia** *Lead Planning Analyst, Department of Education*
- Kristi Leutjen** *Teacher, Whiting Lane School, West Hartford*
- Michelle Levy** *Consultant, Department of Education*
- Sherry Linton-Massiah** *Project Director, Early Childhood Education Cabinet*
- David Morgan** *Chair, CT Head Start Association & Director, TEAM, Inc.*
- Kathryn O'Connor** *Director, Connecticut College Children's Program*
- Karen Rainville** *Executive Director, CAEYC & Co-Chair, EC Alliance*
- Jane Rothschild** *SLC, HARC Stepping Stones*
- Carmelita Valencia-Daye** *Professor, Gateway Community College*
- Janna Wagner** *Chief Knowledge & Learning Officer, All Our Kin*

Appendix B: Standards Alignment, Drafting and Revision Process Participants

Dawn Abrahamson	Middletown Public Schools
Saud Anwar	Independent Consultant
Lauriston Avery	Five Mile River Nursery School

Appendix D: Early Learning and Development Standards to Common Core State Standards Alignment — English Language Arts

Language and Literacy Early Learning and Development Standards			Common Core State Standards in English Language Arts
	3 to 4 years	4 to 5 years	Kindergarten
Strand: Understand Language (Receptive Language)			
Word comprehension	L.48.1 Understand words or signs for objects, actions and visible attributes found frequently in both real & symbolic contexts	L.48.1 Understand words or signs for objects, actions and visible attributes found frequently in both real & symbolic contexts	<p>CC.K.L.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on kindergarten reading and content.</p> <p>CC.K.L.4.a Identify new meanings for familiar words and apply them accurately (e.g., knowing duck is a bird and learning the verb to duck).</p> <p>CC.K.L.4.b Use the most frequently occurring inflections and affixes (e.g., -ed, -s, re-, un-, pre-, -ful, -less) as a clue to the meaning of an unknown word.</p>
Language comprehension	L.48.2 Understand increasingly complex sentences that include 2 - 3 concepts (e.g. "Put the blue paper under the box.")	L.48.2 Understand increasingly complex sentences that include 2 - 3 concepts (e.g. "Put the blue paper under the box.")	<p>CC.K.L.5 With guidance and support from adults, explore word relationships and nuances in word meanings.</p> <p>CC.K.L.5.a Sort common objects into categories (e.g., shapes, foods) to gain a sense of the concepts the categories represent.</p> <p>CC.K.L.5.b Demonstrate understanding of frequently occurring verbs and adjectives by relating them to their opposites (antonyms).</p> <p>CC.K.L.5.c Identify real-life connections between words and their use (e.g., note places at school that are colorful).</p> <p>CC.K.L.6 Use words and phrases acquired through conversations, reading and being read to, and responding to texts.</p>
Strand: Use language (Expressive language)			
Vocabulary	<p>L.48.3 Use accepted words for objects, actions and attributes encountered frequently in both real and symbolic contexts</p> <p>L.48.4 Use simple pronouns (I, me, you, mine, he, she)</p>	<p>L.60.3 Use an increasing variety and specificity of accepted words for objects, actions and attributes encountered in both real and symbolic contexts</p>	<p>CC.K.L.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on kindergarten reading and content.</p> <p>CC.K.L.4.a Identify new meanings for familiar words and apply them accurately (e.g., knowing duck is a bird and learning the verb to duck).</p> <p>CC.K.L.4.b Use the most frequently occurring inflections and affixes (e.g., -ed, -s, re-, un-, pre-, -ful, -less) as a clue to the meaning of an unknown word.</p>
	L.48.5 Begin to use some words that are not a part of everyday conversational speech but that are learned through books and personal experiences (e.g., gigantic, rapidly, frustrated, transportation, race or jog)	L.60.4 Use more complex words learned through books and personal experiences (e.g., label favorite shirt as chartreuse, or know that a paleontologist studies dinosaurs)	<p>CC.K.L.5 With guidance and support from adults, explore word relationships and nuances in word meanings.</p> <p>CC.K.L.5.a Sort common objects into categories (e.g., shapes, foods) to gain a sense of the concepts the categories represent.</p> <p>CC.K.L.5.b Demonstrate understanding of frequently occurring verbs and adjectives by relating them to their opposites (antonyms).</p> <p>CC.K.L.5.c Identify real-life connections between words and their use (e.g., note places at school that are colorful).</p> <p>CC.K.L.6 Use words and phrases acquired through conversations, reading and being read to, and responding to texts.</p>
Expressing ideas, feelings and needs	<p>L.48.6 Communicate about current or removed events and/or objects</p> <p>L.48.7 Use increasingly longer, complex sentences that combine phrases or concepts to communicate ideas</p>	<p>L.60.5 Use more complex words to describe the relationships between objects and ideas (e.g. position words such as under, beside and comparative words such as bigger or longer)</p>	<p>CC.K.SL.4 Describe familiar people, places, things, and events. and, with prompting and support, provide additional detail.</p> <p>CC.K.SL.5 Add drawings or other visual displays to descriptions as desired to provide additional detail.</p> <p>CC.K.SL.6 Speak audibly and express thoughts, feelings, and ideas clearly.</p>

Language Structure	L.48.8 Use basic grammar rules including irregular past tense and questions Note: Variations in applying grammar rules may be due to dual language learning and/or alternative grammar usage by their family	L.60.6 Use basic grammar rules including subject-verb agreement, tenses, regular & irregular past tense, irregular plurals Note: Variations in applying grammar rules may be due to dual language learning and/or alternative grammar usage by their family	CC.K.L.1 Demonstrate command of the conventions of standard English grammar and usage when speaking. CC.K.L.1.a Print many upper- and lowercase letters. CC.K.L.1.b Use frequently occurring nouns and verbs. CC.K.L.1.c Form regular plural nouns orally by adding /s/ or /es/ (e.g., dog, dogs; wish, wishes). CC.K.L.1.d Understand and use question words (interrogatives) (e.g., who, what, where, when, why, how). CC.K.L.1.e Use the most frequently occurring prepositions (e.g., to, from, in, out, on, off, for, of, by, with). CC.K.L.1.f Produce and expand complete sentences in shared language activities.
	L.48.7 Use increasingly longer, complex sentences that combine phrases or concepts to communicate ideas		

Strand: Use language for social interaction

Conventions of Conversation	L.48.10 Maintain a topic of conversation over the course of several turns	L.60.8 Initiate, maintain and end conversations by repeating what other person says and/or asking questions	CC.K.SL.1 Participate in collaborative conversations with diverse partners about kindergarten topics and texts with peers and adults in small and larger groups. CC.K.SL.1.a Follow agreed-upon rules for discussions (e.g., listening to others and taking turns speaking about the topics and texts under discussion). CC.K.SL.1.b Continue a conversation through multiple exchanges. CC.K.SL.2 Confirm understanding of a text read aloud or information presented orally or through other media by asking and answering questions about key details and requesting clarification if something is not understood. CC.K.SL.3 Ask and answer questions in order to seek help, get information, or clarify something that is not understood.
Use Language to Interact	L.48.11 Answer simple who, what, where and why questions	L.60.9 Use language to share idea and gain information	

Strand: Book Appreciation and Knowledge

Show interest and engage with books	L.48.12 Select fiction and non-fiction books to be read and attend with interest	L.60.10 Independently choose to 'read' books and select a variety of texts, including fiction and nonfiction	CC.K.R.F.4 Read emergent-reader texts with purpose and understanding. CC.K.R.I.10 Actively engage in group reading activities with purpose and understanding. CC.K.R.L.10 Actively engage in group activities with purpose and understanding.
Understands stories or information	L.48.12 Demonstrate comprehension of through retelling with use of pictures and props, acting out main events or share information learned from nonfiction text	L.60.9 With prompting and support, retell familiar stories, including story elements (e.g. setting, characters, events) and/or shares key details from informational text	CC.K.R.I.1 With prompting and support, ask and answer questions about key details in a text. CC.K.R.I.2 With prompting and support, identify the main topic and retell key details of a text. CC.K.R.L.1 With prompting and support, ask and answer questions about key details in a text. CC.K.R.L.2 With prompting and support, retell familiar stories, including key details. CC.K.R.L.3 With prompting and support, identify characters, setting and major events in a story.

Stories or information may be shared through oral storytelling, sharing of pictures and/or books	<p>L.48.13 Ask and answer simple who, what, where and why questions related to story or text</p>	<p>L.60.10 Ask and answer who, what, where and why questions related to story or text</p> <p>L.60.11 Use connections between self and character experience and emotions to increase comprehension</p>	<p>CC.K.R.I.3 With prompting and support, describe the connection between two individuals, events, ideas, or pieces of information in a text.</p>
Strand: Knowledge of Print and Its Uses			
Book Concepts	<p>L.48.14 Looks at pages of a book from left to right (or according to conventions of home language)</p>	<p>L.60.12 Know how print is read (left to right, top to bottom, front to back or according to convention of home language)</p>	<p>CC.K.R.F.1 Demonstrate understanding of the organization and basic features of print.</p> <p>CC.K.R.F.1.a Follow words from left to right, top to bottom, and page by page.</p>
	<p>L.48.15 Recognizes that print represents spoken words (i.e., first name in print, environmental labels)</p>	<p>L.60.13 Know that books have titles, authors, illustrators or photographers</p> <p>L.60.14 Recognize words as a unit of print and that letters are grouped to form words</p>	<p>CC.K.R.I.4 With prompting and support, ask and answer questions about unknown words in a text.</p> <p>CC.K.R.I.5 Identify the front cover, back cover, and title page of a book.</p> <p>CC.K.R.I.6 Name the author and illustrator of a text and define the role of each in presenting the ideas or information in a text.</p> <p>CC.K.R.L.4 Ask and answer questions about unknown words in a text.</p> <p>CC.K.R.L.5 Recognize common types of texts (e.g. storybooks, poems).</p> <p>CC.K.R.L.6 With prompting and support, name the author and illustrator of a story and define the role of each in telling the story.</p> <p>CC.K.R.I.7 With prompting and support, describe the relationship between illustrations and the text in which they appear (e.g., what person, place, thing, or idea in the text an illustration depicts).</p> <p>CC.K.R.I.8 With prompting and support, identify the reasons an author gives to support points in a text.</p> <p>CC.K.R.I.9 With prompting and support, identify basic similarities in and differences between two texts on the same topic (e.g., in illustrations, descriptions, or procedures).</p> <p>CC.K.R.L.7 With prompting and support, describe the relationship between illustrations and the story in which they appear (e.g., what moment in a story an illustration depicts).</p> <p>CC.K.R.L.9 With prompting and support, compare and contrast the adventures and experiences of characters in familiar stories.</p>
Print Concepts	<p>L.48.16 Identify some printed words and/or common symbols (e.g. bathroom signs) in the context of the environment</p>	<p>L.60.15 Identify some familiar printed words out of context</p> <p>L.60.16 Begins to use awareness of letter sounds along with pictures to read words in text</p>	<p>CC.K.R.F.3 Know and apply grade-level phonics and word analysis skills in decoding words.</p> <p>CC.K.R.F.3.a Demonstrate basic knowledge of letter-sound correspondences by producing the primary or most frequent sound for each consonant.</p> <p>CC.K.R.F.3.b Associate the long and short sounds with the common spellings (graphemes) for the five major vowels.</p> <p>CC.K.R.F.3.c Read common high-frequency words by sight. (e.g., the, of, to, you, she, my, is, are, do, does).</p> <p>CC.K.R.F.3.d Distinguish between similarly spelled words by identifying the sounds of the letters that differ.</p>

Letter Recognition	<p>L.48.17 Recognize some letters especially those in one's own name</p>	<p>L.60.17 Recognize and names known letters of the alphabet in familiar and unfamiliar words</p> <p>L.60.18 Make some letter-sound connections</p>	<p>CC.K.R.F.1.b Recognize that spoken words are represented in written language by specific sequences of letters.</p> <p>CC.K.R.F.1.c Understand that words are separated by spaces in print.</p> <p>CC.K.R.F.1.d Recognize and name all upper- and lowercase letters of the alphabet.</p>
--------------------	--	---	--

Strand: Phonological Awareness:

Phonological Awareness	<p>L.48.18 Recognize rhyming words in songs, chants, or poems.</p>	<p>L.60.19 Produce rhyming words or words that have same initial sound.</p>	<p>CC.K.R.F.2 Demonstrate understanding of spoken words, syllables, and sounds (phonemes)</p> <p>CC.K.R.F.2.a Recognize and produce rhyming words.</p>
	<p>L.48.19 Identify when initial sounds in words are the same.</p>	<p>L.60.20 Recognize which words in a set of words begin with the same sound.</p>	<p>CC.K.R.F.2.b Count, pronounce, blend, and segment syllables in spoken words.</p> <p>CC.K.R.F.2.c Blend and segment onsets and rhymes of single-syllable spoken words.</p>
	<p>L. 48.20 Distinguish individual words in a sentence.</p>	<p>L.60.21 Distinguish syllables in words</p>	<p>CC.K.R.F.2.d Isolate and pronounce the initial, medial vowel, and final sounds (phonemes) in three-phoneme (consonant-vowel-consonant, or CVC) words.* (This does not include CVCs ending with /l/, /r/, or /x/.)</p> <p>CC.K.R.F.2.e Add or substitute individual sounds (phonemes) in simple, one-syllable words to make new words.</p>

Strand: Conveying meaning through drawing, letters and words

Conveying meaning through drawing, letters and words	<p>L.48.21 Draw or "writes" to convey an idea, event or story. "Writing" involves scribbles, letters and/or letter-like shapes (e.g. make pretend list, or use their words to dictate a message to communicate with others)</p>	<p>L.60.22 Draw original stories with a beginning, middle and end</p>	<p>CC.K.W.1 Use a combination of drawing, dictating, and writing to compose opinion pieces in which they tell a reader the topic or the name of the book they are writing about and state an opinion or preference about the topic or book (e.g., My favorite book is ...).</p> <p>CC.K.W.2 Use a combination of drawing, dictating, and writing to compose informative/explanatory texts in which they name what they are writing about and supply some information about the topic.</p> <p>CC.K.W.3 Use a combination of drawing, dictating, and writing to narrate a single event or several loosely linked events, tell about the events in the order in which they occurred, and provide a reaction to what happened.</p> <p>CC.K.W.5 Production and Distribution of Writing: With guidance and support from adults, respond to questions and suggestions from peers and add details to strengthen writing as needed.</p> <p>CC.K.W.6 Production and Distribution of Writing: With guidance and support from adults, explore a variety of digital tools to produce and publish writing, including in collaboration with peers.</p> <p>CC.K.W.7 Participate in shared research and writing projects (e.g., explore a number of books by a favorite author and express opinions about them).</p> <p>CC.K.W.8 Research to Build and Present Knowledge: With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.</p>
	<p>L.48.22 Writing is distinct from drawing and combines scribbles with letter-like forms</p>	<p>L.60.23 Use early developmental spelling; may use one letter for the initial or final sound to represent whole word</p>	<p>CC.K.L.2 Demonstrate command of the convention of standard English capitalization, punctuation, and spelling when writing.</p> <p>CC.K.L.2.a Capitalize the first word in a sentence and the pronoun I.</p> <p>CC.K.L.2.b Recognize and name end punctuation.</p> <p>CC.K.L.2.c Write a letter or letters for most consonant and short-vowel sounds (phonemes).</p>

PROOF

Appendix E: Early Learning and Development Standards to Common Core State Standards Alignment — Mathematics

Mathematics Early Learning and Development Standards			Common Core State Standards in Mathematics
	3 to 4 years	4 to 5 years	Kindergarten
Strand: Understand Counting and Cardinality			
Number names	M.48.1 Say or sign the number sequence up to at least 10	M.60.1 Say and sign the number sequence up to at least 20	K.CC.1. Count to 100 by ones and by tens. K.CC.2. Count forward beginning from a given number within the known sequence (instead of having to begin at 1.)
Cardinality	M.48.2 Count up to at least five objects using one-to-one correspondence, using the number name of the last object counted to represent the total number of objects in a set	M.60.2 Count up to 10 objects using one-to-one correspondence, regardless of configuration, using the number name of the last object counted to represent the total number of objects in a set	K.CC.4. Understand the relationship between numbers and quantities; connect counting to cardinality. <ul style="list-style-type: none"> a. When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object. b. Understand that the last number name said tells the number of objects counted. The number of objects is the same regardless of their arrangement or the order in which they were counted. c. Understand that each successive number name refers to a quantity that is one larger.
	M.48.3 Count out a set of objects up to 4	M.60.3 Count out a set of objects up to 5	K.CC.5. Count to answer “how many?” questions about as many as 20 things arranged in a line, a rectangular array, or a circle, or as many as 10 things in a scattered configuration; given a number from 1–20, count out that many objects.
Written Numerals	M.48.4 Recognize written numerals up to at least five	M.60.4 Recognize written numerals up to at least 10	K.CC.3. Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).
Recognizing quantities	M.48.5 Recognize and name, without counting, the number of objects in small groups of at least 3 or 4 objects	M.60.5 Quickly recognize and name, without counting, the number of objects in collections of up to at least five items	

Comparison	M.48.6 Compare sets of 1-5 objects using a visual matching or counting strategy and describing the comparison as more, less than, or the same	M.60.6 Compare sets of up to 10 objects using a visual matching or counting strategy and describing the comparison as more, less than, or the same	K.CC.6. Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies.* (* Include groups with up to ten objects.) K.CC.7. Compare two numbers between 1 and 10 presented as written numerals.
------------	---	--	--

Strand: Understand and describe relationships to solve problems (operations and algebraic thinking)

Number operations	M.48.7 Understand that adding to (or taking away) one or more objects from a group will increase or decrease the objects in the group	M.60.7 Use real-world situations and concrete objects to model and solve addition (e.g., putting together) and subtraction (e.g., taking away) problems up through 5 M.60.8 Recognize and describe parts contained in larger numbers by composing number combinations up to at least five (e.g. an recognize how many have been secretly taken away from a group of five objects)	K.NBT.1. Compose and decompose numbers from 11 to 19 into ten ones and some further ones, e.g., by using objects or drawings, and record each composition or decomposition by a drawing or equation (e.g., $18 = 10 + 8$); understand that these numbers are composed by ten ones and one, two, three, four, five, six, seven, eight, or nine ones. K.OA.1. Represent addition and subtraction with objects, fingers, mental images, drawings*, sounds (e.g., claps), acting out situations, verbal explanations, expressions, or equations. * Drawings need not show details, but should show the mathematics in the problem. (This applies wherever drawings are mentioned in the Standards.) K.OA.2. Solve addition and subtraction word problems, and add and subtract within 10, e.g., by using objects or drawings to represent the problem. K.OA.3. Decompose numbers less than or equal to 10 into pairs in more than one way, e.g., by using objects or drawings, and record each decomposition by a drawing or equation (e.g., $5 = 2 + 3$ and $5 = 4 + 1$). K.OA.4. For any number from 1 to 9, find the number that makes 10 when added to the given number, e.g., by using objects or drawings, and record the answer with a drawing or equation. K.OA.5. Fluently add and subtract within 5.
-------------------	---	--	--

Strand: Understand the attributes and relative properties of objects (measurement and data)

See Attributes, Sorting and Patterns strand in Cognition

Measurement	M.48.8 Recognize measurable attribute of an object such as length, weight or capacity	M.60.9 Compare the measurable attributes of two or more objects (e.g., length, weight and capacity) and describe the comparison using appropriate vocabulary (e.g., longer, shorter, same length, heavier, lighter, same weight, holds more, holds less, holds the same amount)	K.MD.1. Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object. K.MD.2 Directly compare two objects with a measurable attribute in common, to see which object has “more of”/“less of” the attribute, and describe the difference. For example, directly compare the heights of two children and describe one child as taller/shorter.
		M.60.10 Begin to use strategies to determine measurable attributes (length or capacity of objects); may use comparison, standard or non-standard measurement tools	

Data	M.48.9 Sort objects into two groups, counts, and compares the quantity of the groups formed (e.g., indicates which is more)	M. 60.11 Represent data using a concrete object or picture graph according to one attribute	
Sorting and Classifying	M.48.10 Sort and classify objects by one attribute into two or more groups (e.g. color, size, shape)	M.60.12 Sort and classify a set of objects on the basis of one attribute independently and describe the sorting rule; can re-sort and classify the same set up objects based on a different attribute	K.MD.3. Classify objects into given categories; count the numbers of objects in each category and sort the categories by\ count. ** ** Limit category counts to be less than or equal to 10.

Strand: Understand shapes and spatial relationships (geometry and spatial sense)

Spatial relationships	M.48.11 Use positional vocabulary (e.g., up/down, in/out, on/off, under) to identify and describe the location of an object	M.60.13 Use relational vocabulary of proximity (e.g., beside, next to, between, above, below, over and under) to identify and describe the location of an object	K.G.1. Describe objects in the environment using names of shapes, and describe the relative positions of these objects using terms such as above, below, beside, in front of, behind, and next to. K.G.2. Correctly name shapes regardless of their orientations or overall size. K.G.3. Identify shapes as two-dimensional (lying in a plane, "flat") or three-dimensional ("solid"). K.G.4. Analyze and compare two- and three-dimensional shapes, in different sizes and orientations, using informal language to describe their similarities, differences, parts (e.g., number of sides and vertices/"corners") and other attributes (e.g., having sides of equal length).
Identifying shapes	M.48.12 Identify 2- dimensional shapes (starting with familiar shapes such as circle and triangle) in different orientations and sizes	M.60.14 Identify and describe a variety of 2- dimensional and 3- dimensional shapes with mathematical names (e.g., ball/ sphere, box/rectangular prism, can/cylinder) regardless of orientation and size	
Composing shapes	M.48.13 Combine two or more shapes to create a new shape or to represent an object in the environment	M.60.15 Complete a shape puzzle or a new figure by putting multiple shapes together with purpose	K.G.5. Model shapes in the world by building shapes from components (e.g., sticks and clay balls) and drawing shapes. K.G.6. Compose simple shapes to form larger shapes. For example, "Can you join these two triangles with full sides touching to make a rectangle?"
